## **5. Treated Wood Research Cooperative**

H.Walthert reported on the Environmental Performance of Treated Wood Research Cooperative led by Dr. Jeff Morrell of the Oregon State University. The study is continuing the work of Dr. Ken Brooks and focusses on the development of environmental performance data for treated wood products. WPC has a five year \$8,000/year commitment with the study.

The current projects include:

- BMP verification study update.
- Aquatic workshops.
- Managing treated wood in the aquatic environment publication.

The Sooke Basin Creosote Evaluation Study (DVD version) is available to members. The Managing Treated Wood in Aquatic Environments (book) is available for purchase at WPC. For more information on the book and DVD please contact M.Tauvette at Wood Preservation Canada (613-7374337).
