4. NEW STANDARD FOR RESIDENTIAL GROUND CONTACT /
STRUCTURAL

Consultations with members in January & February 2006 resulted in proposed changes to
the draft standard.

Additional data is still required for the standard.

WPC will distribute data collection instructions from the AWPA requirements regarding
how to collect and submit the data.

Distributed a signup sheet for treaters to choose species and dimensions; R. Lloyd to
work with suppliers to ensure all species and dimensions are covered for adequate data
sampling.

Arch Wood Protection presented additional information for consideration.

5. QUALITY ASSURANCE TASK FORCE

Discussed the pros and cons of CWPB compared to CLSAB; it was decided that a cost
analysis must be conducted. Other issues like credibility and liability need to be
considered.

WPC asked J. Mogan to assist in going through CWPB files to help make a decision of
based on costs.

6. COMMENTS FROM MEMBERS
