PWF Promotion & Education Task Force

WPC 2014 FCM
October 26-27, 2014
Vancouver, BC

Martin Tauvette
Wood Preservation Canada

Members of the PWF Promotion & Education Task Force

- Mary-Anne Dalkowski (Timber Specialties Co.)
- Brian Delbrueck (Viance, LLC)
- Howard Pruden (Spray Lake Sawmills)
- Linus Clark (Brisco Wood Preservers)
- Shea Pletzer (Sundre Forest Products)
- Ken Nelson (Taiga Building Products)
- Steve Marshall (Surewood Forest Products)
- Paul Morris (FP Innovations)
- Henry Walthert (Wood Preservation Canada)
- Martin Tauvette (Wood Preservation Canada)

Why a PWF Promotion and Education Task Force?

- The recent publication of the CSA S406 Standard for construction of Permanent Wood Foundations seemed like an optimum time for WPC to update the information it has available and to start promoting and educating people on this great system.

Project 1

A BETTER WAY TO BUILD

PERMANENT WOOD FOUNDATIONS

“We went to a lot of effort to design and build an energy efficient home and PWF was the natural complement. Without a doubt it’s a much warmer, drier home.”

J. Collins, Carp, Ontario

- CWC will review and write a technical document, updated to new S406 standard and building code requirements for use in the brochure
- This technical content could also be used in a mailer or magazine articles for builders, retailers and building officials
- WPC will update the promotional on the brochure with new text, photos and testimonials
- WPC will use the brochure to promote the PWF products of WPC members, showing their stamps
